Summary

Passionate Artificial Intelligence and Data Science student with knowledge in Python, Machine Learning, and Deep Learning basics. Interested in building intelligent solutions for real-world problems. Quick learner with strong problem-solving and teamwork skills.

Education

Kongu Engineering College

Aug 2024 – May 2028

Bachelor's of Technology: Artificial Intelligence and Data Science

CGPA: 8.59

Higher Secondary

Jun 2023 – Apr 2024

St. Joseph Matriculation Higher Secondary School

Percentage: 88.67%

SSLC

Jun 2021 – Apr 2022

St. Joseph Matriculation Higher Secondary School

Percentage: 86.8%

Experience

CubeAI Solutions (Remote): Student Developer

Jan 2026 – Mar 2026

- Developed an Instagram-inspired backend system using FastAPI and PostgreSQL to support event management, networking, and real-time interactions.
- Implemented secure JWT-based authentication and role-based access control (User, Coordinator, Admin) for scalable and protected APIs.
- Designed and built RESTful APIs for posts, events, and participant management, ensuring efficient data handling and seamless application workflow.

Projects

Hand Gesture Communication System 🧠🔗

Apr 2026

Machine Learning

Tech Stack: Python, OpenCV, TensorFlow

Developed a hand gesture recognition system to help mute people communicate effectively using Machine Learning and Computer Vision. The system detects hand gestures in real time and converts them into text and speech output for easy interaction.

Personal Health Coach 🧠🔗

Nov 2025

Artificial Intelligence

Tech Stack: Python, HTML, CSS, JavaScript

Developed an AI-based personal health coach application that provides health tips, diet suggestions, workout recommendations, and daily wellness tracking. The system helps users maintain a healthy lifestyle through personalized guidance and interactive features.

Technical Skills

Programming Languages: Python, Java, C

Deep Learning Frameworks: TensorFlow, PyTorch, Keras

Web Development: JavaScript, React.js, Node.js, HTML, CSS

Database: MySQL, MongoDB

Libraries & Tools: NumPy, Pandas, Scikit-learn, OpenCV, Git, Docker

Certifications

- **IBM** Certified Generative AI
- **NASSCOM** Data Processing & Visualization
- **Infosys** JavaScript Certification
